IV. Review status of 2019-20 CDBG grant awarded to the Bristol Historical Society and make Recommendations for its disposition.

Dawn Leger summarized the letter which was received from the Bristol Historical Society (dated Feb. 6, 2020) regarding their last approved project which they wish to change and includes their request for reprogramming of this grant. They wish to change from a lift to an elevator.

Discussion.

Dawn advised that additional details should be added to the application form next year which shows that the applicant organization's Board of Directors have approved the project for the future.
