Sec. 13-119. Suspension and revocation of license.

- A. Failure to comply with the provisions of this chapter or applicable state law shall be grounds for revocation or suspension of any license issued to a massage establishment under the provisions of this chapter in addition to any other penalty imposed. A license may be revoked or suspended by the Department or its Board of Directors under the provisions of this chapter.
- B. For the purpose of this chapter, notice may be hand-delivered to the licensee or person in charge or sent by certified mail, return receipt requested, to the last known address of the licensee.
- C. No suspended or revoked license may be renewed. If a suspended license lapses during the suspension period, its renewal shall not be processed until the end of the suspension period. In any case involving suspension or revocation of a massage establishment license, a change of ownership and/or operator shall not affect the suspension or revocation of the license. During the time that a license is suspended, a new operator or owner may apply for a license for the same establishment. However, any license granted in such circumstances shall be effective only after completion of the suspension period.

Sec. 13-120. Reapplication and license reinstatement.

APRIL 9, 2019

- A. Whenever a license has been revoked or suspended, the licensee or person in charge may make written request for reinstatement of the license. Within 10 days following receipt of a written request, including a statement signed by the applicant that the conditions causing the suspension or revocation have been corrected, the Director shall make a reinspection. If, in the opinion of the Director, the applicant has complied with the requirements of this chapter and any applicable state law, the license shall be reinstated.
- B. The Director shall not revoke or suspend any permit issued under this chapter without notifying the holder of the permit, in writing, of the facts and of the specific section or sections of this chapter upon which his determination was made and of the holder's right to request a hearing before the Board of the Bristol-Burlington Health District and to present evidence or argument on all the facts or issues involved.
- C. A request for the hearing under this section shall be filed within 10 days of notice from the Director and shall stay any revocation or suspension until such time as a hearing has been held and a decision rendered on; provided, however, that, if the Director finds that the public health, safety or welfare imperatively requires action and incorporates a finding to that effect in his notice, the permit may be summarily suspended, pending a hearing, which hearing shall be promptly instituted and all facts and issues promptly determined.

Sec. 13-121. Violations and penalties.

- A. Unless otherwise provided, any person who violates any provision of this chapter shall be fined in accordance with the Bristol Code of Ordinances for each day of violation, or the maximum allowed by the State of Connecticut for each violation.
- B. It shall be the responsibility of the offender to abate the violation as ordered by the Director. Each day's violation shall be deemed a separate offense.
