"To amend the motion to remove the \$100,000 for the fiber network project"

Commissioner Thibeault expressed her concerns with this project, the City shouldn't be in the business when there are experienced providers in the industry and by the time the fiber is finished it will be obsolete. The \$100,000 could go a long way in other areas, as this is not where the City's expertise lies. Mayor Zoppo-Sassu stated this was discussed at the 10 Year CIP meeting to provide further research to give IT better tools, it makes perfect sense.

Commissioner Thibeault stated she would be voting no on the budget, as she felt they could of done better with efficiencies. Commissioner O'Brien stated the budget has a reasonable increase, with Debt Service and Capital transfers increasing 8.41%, looking at the long-term. Chairperson Smith stated he wished more money could be put into things, but they aren't able to do that. The City needs to continue to make investments in itself.
