The property owners signed below hereby request to participate in the City of Bristol's Residential Sidewalk Repair Program for the property address listed above. This program allows Bristol residential property owners to request reimbursement of a portion of the cost to repair/replace sidewalks that are in need of repair. This program further allows property owners to request a loan from the City for needed repairs.

I/we believe that the sidewalk(s), or a portion thereof, abutting this property are in need of repair/replacement. I understand that the City of Bristol will inspect the sidewalk(s) at the above property address and verify if a safety hazard to the public exists. If it is determined that a safety hazard exists, the property will be added to a request list for grant funding/reimbursement which will be distributed on a first come, first served basis unless otherwise determined by the Engineering Division of Public Works. Public Works will attempt to schedule needed repairs as quickly as possible, however, the property owner remains liable for any damages that may occur prior to and after replacement or repairs.

By signing this form, you are requesting that Public Works inspect the sidewalk(s) at your property address and determine eligibility for participation in the Residential Sidewalk Repair Program. The City of Bristol will notify you of acceptance after determination is made.
